About College of Sustainable Agriculture for Eastern Africa

College of Sustainable Agriculture for Eastern Africa is the leading institutions training Sustainable Ecological Agriculture in Kenya. CSAEA is the technical training arm of SACDEP, an indigenous development organization operating in 14 counties in Kenya and two districts in Tanzania. After graduation, our students proceed to become:

1. Farm managers
2. Entrepreneurs in agribusiness
3. Certified organic growers of food, herbs, livestock and honey
4. Accomplished, healthy food processors
5. Instructors in schools and colleges
6. Field trainers
7. Research assistants

Why study with us:

1.) Total amount of scholarship Ksh. 68,210 per semester

2.) Total cost of tuition payable by student is Ksh. 29,230 per semester

3.) Accommodation and organic meals available on campus as part of fees

4.) Exchange programs available locally and internationally

5.) Assured attachment in both SACDEP and other development agencies in and out of Kenya

6.) Assured internship programs by SACDEP upon graduation

7.) Employment opportunities with government local and international agencies

ENTRY REQUIREMENTS: KCSE D Plain For Kenyan Students DIVISION IV for Eastern Africa Students

COURSE CONTENT

Introducing the Craft Certificate in Sustainable Ecological Agriculture Course – your gateway to mastering the art and science of eco-friendly farming.

In the two immersive years, the student will gain practical skills, deep knowledge, and a proactive mindset to champion all the Principles, Pillars, and Practices of Sustainable Ecological Agriculture. The program is structured into two comprehensive modules:

1. **Craft Certificate in Sustainable Ecological Agriculture Module I**
2. **Craft Certificate in Sustainable Ecological Agriculture Module II**

By the end of the first year, students will embark on a 3-month industrial attachment, gaining invaluable real-world experience. Join us to become a leader in sustainable farming!
