

# **JOB PLACEMENT**

**PRINCIPAL – COLLEGE OF SUSTAINABLE AGRICULTURE FOR EAST AFRICA**

## **A PROJECT OF SACDEP-KENYA**

SACDEP-Kenya is a Kenyan Development Agency working in the area of Sustainable Ecological Agriculture. The Organization has worked in Kenya for the past 29 years since the year 1993.

As a Development Agency, SACDEP currently boasts of having positively changed lives of 140,000 families in Kenya and the Eastern African Region.

Development Projects under implementation are in 14 Counties in Kenya and 2 districts in Tanzania. Development of Sustainable Ecological Agriculture requires personnel with skills and knowledge in both Theoretical and practical spheres.

Therefore, in 2019 SACDEP opened the College of Sustainable Ecological Agriculture. The campus is located in Kilimambogo 17km East of Thika Town. The College, currently at its formative stage is looking for a Principal. The position requires a person with qualifications and competencies as analyzed below.

### **1. PROFESSIONAL QUALIFICATION**

- 1.1 With a background in Agriculture at BSC level and above. Practical experience in Sustainable Ecological Agriculture is an added advantage.
- 1.2 Fifteen (15) years and above having ran successful Learning Institution. Preferably an Agricultural or Development Institution.
- 1.3 Proven knowledge in Development, implementation and Evaluation of curricular in Technical Institutions.

### **2. SPECIAL TALENTS**

- 2.1 Self-driven ambitions, a go-getter and highly talented in tackling challenges.
- 2.2 A charismatic individual with skills to lead a team of professionals to achieve targets.
- 2.3 A professional looking for an opportunity to achieve high goals for people's Development while also reaching personal set heights in life.
